

Team,

Did you know that you can apply to the United States Military Academy at West Point (USMA)?

Over the past several years, there has been a decline in the number of applications for the Soldier Admissions Program. The program allows Soldiers from ALL COMPONENTS an opportunity to compete for around 170 spots in the Corps of Cadets.

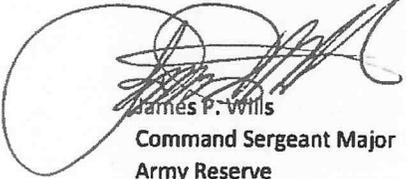

It's a wonderful opportunity for the right Soldiers. We need prior enlisted to join the Long Grey Line. When we have a high number of Soldiers admitted to USMA, it adds to the diverse composition of the Corps of Cadets. This diversity invaluabley increases the overall educational and leader development opportunity for those who attend. In short, experienced Soldiers who join the Corps of Cadets help strengthen our future officer corps from within.

Soldiers, please take a moment to find out more at the website below:

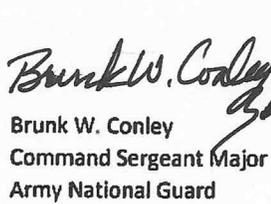

<http://www.usma.edu/admissions/SitePages/Home.aspx>. Nearly one-third of those who start an application ever finish it. Don't let that be you. The key is to make sure your leadership knows you are interested in this opportunity, so they can keep you on track.

If you have questions not answered by the website, contact MAJ Jason Dupuis, USMA Department of Admissions at Jason.dupuis@usma.edu or (845)938-5780.

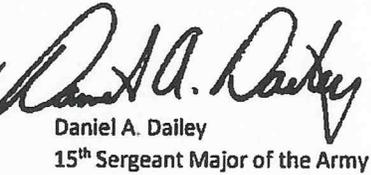

Good luck and Army Strong!
