MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Interim Guidance for the Implementation of the New Joint Capabilities Integration and Development System (JCIDS)

1. References:

- a. CJCSI 3170.01D, Joint Capabilities Integration and Development System, 12 Mar 04.
- b. CJCSM 3170.01A, Operation of the Joint Capabilities Integration and Development System, 12 Mar 04.
- c. AR 70-1, Army Acquisition Policy, 31 Dec 03.
- d. DoDI 5000.2, Operation of the Defense Acquisition System, 12 May 03.
- e. CJCSI 6212.01C, Interoperability and Supportability of Information Technology and National Security Systems, 20 Nov 03.
- f. CJCSI 3180.01, Joint Requirements Oversight Council Programmatic Processes for Joint Experimentation and Joint Resource Change Recommendations, 31 Oct 02.
- g. AR 71-9, Materiel Requirements, 30 Apr 97.
- h. TRADOC Pamphlet 71-9, Requirements Generation, 5 Nov 99.

2. Purpose. This memorandum rescinds TRADOC Pamphlet 71-9, and provides initial TRADOC guidance on the implementation of the new JCIDS within TRADOC.

3. New guidance put out this past year (references 1a through 1e) by OSD, the Joint Staff J-8, and the Army have completely changed the developments construct. Our previous Army requirements generation process is no longer completely sufficient to identify Army Warfighter needs. Strategic guidance and top-down driven concepts are currently how the Joint Force and the Army identify our mission needs.

ATFC-S

SUBJECT: Interim Guidance for the Implementation of the New Joint Capabilities Integration and Development System (JCIDS)

4. The business changes outlined in references 1a through 1e above make TRADOC Pamphlet 71-9 (reference 1h) outdated and inaccurate. Therefore, all versions of TRADOC Pamphlet 71-9 are hereby rescinded.

5. Until such time as new Army guidance is published, proponents will use guidance contained in references 1a through 1f above. To assist proponents in preparing capability documents, writer's guides for Initial Capabilities Documents (ICD), Capability Development Documents (CDD), and Capability Production Documents (CPD) have been posted to this website: <http://www.tradoc.army.mil/dcsd/Publications.htm>.

6. The Futures Center POC for this action is Mr. Sean O'Malley, 757-788-3478, sean.omalley@monroe.army.mil, or Ms. Dary I. Garcia, Senior Military Analyst (SYColeman), 757-788-3017, dary.garcia@us.army.mil.

JOHN M. CURRAN
