MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Department of Defense (DOD) Priority Placement Program (PPP)

1. The DOD PPP was designed to assist employees who are adversely affected by changing manpower and budget requirements. Such actions include, but are not limited to, reductions in force, base closures, consolidations, contracting out, position classification decisions, rotation from overseas, and transfers of function.
2. Through the DOD PPP, adversely affected employees are provided maximum opportunity for placement in other DOD activity vacancies. Active support of this program not only assists our employees, but at the same time, provides managers with a source of well-qualified employees.
3. I fully support this program and encourage its effective implementation and utilization throughout TRADOC. I expect management officials at all levels to continue support of this program and to maximize the program's objectives.

A handwritten signature in black ink, appearing to read "D. Perkins", written over the text of the third list item.
